CHAPTER 1

1.0 About AfICTA

Africa Information & Communication Technologies Alliance - AfICTA is a concerned private sector led alliance of ICT Associations, Multi-national Corporations, Companies, Organisations and individuals in the ICT sector in Africa.

Vision

Our vision is to fulfill the promise of the digital age for everyone in Africa.

Mission

Our mission is to encourage multi-stakeholder dialogue fostering accelerated and ICT enabled development in Africa and the use of cutting-edge innovative technologies including mobile, computing and satellite technologies to achieve an Information society in Africa.

Objectives

Our goals are to

1. Organise non-government ICT stakeholders in Africa for effective local and continental advocacy
2. Be the focal point for Africa ICT advocacy in the global digital economy.
3. Promote constant improvement in African digital literacy in collaboration with stakeholders.
4. Create partnerships with the African Union and all the regional economic commissions towards realizing global sustainable development targets for Africa
5. Support effective dialogue between members and policy makers.
6. Mobilise the core leadership of African ICT professionals and experts in the business community, academic and technical community and civil society to be fully engaged in the global Internet Governance multi-stakeholder dialogues.
7. Promote business partnerships between members and their associations' members.
8. Contribute to capacities building by promoting best practices, encouraging regional projects, sharing data (skills, expertise, events, business announcements, exhibitions, seminars),
9. Organize an annual regional summit for knowledge sharing and cross-African advocacy.

CHAPTER 2

2.0 About Summit 2017

AfICTA Request for Proposal (RFP) to host its annual Summit for the first time became operational as the ADD Consortium (composed of Afenoid Enterprise, Digisphere Limited and Dotengee Nig Ent.) submitted proposal to host AfICTA Summit 2017 and the proposal to the Board was given an approval. Subsequently, the ADD Consortium collaborated with National Information Technology Development Agency – NITDA on hosting the Summit in conjunction with eNigeria annual event. The collaboration worked-out and the 5th Summit was held under the auspices of the Ministry of Communications Nigeria.

2.1 Overview

5th AfICTA Summit with the theme: **"One Africa, One Future: Leveraging ICT for Sustainable Development"** is one of the key indicators of progress towards the fulfillment of AfICTA vision of a digital Africa within the larger framework of the global vision of an information society with the achievement of the Sustainable Development Goals 2030 held from 7 - 9 November, 2017 @ International Conference Centre, Abuja, Nigeria.

The information revolution and the extraordinary increase in the spread of knowledge have given birth to a new era - one of knowledge and information which affects directly economic, social, cultural and political activities of all regions of the world, including Africa. Governments worldwide have recognized the role that Information and Communication Technologies could play in socio-economic development. ICTs are offering even less developed countries a window of opportunities to *cheetahpolevault* the industrialization stage and transform their economies into high value competitive information economies in the global market

Considering that Nigeria is the leading economy in Africa; and reflecting on the need to provide veritable platform for start-ups and innovators in Nigeria to reach African market and further grow the Nigerian economy out of recession; and affirming the imperative need for enduring Public-Private Partnership for sustainable development in line with the 2030 United Nations (UN) Development Agenda.

At the 5th AfICTA Summit, high level panels of African ICT Ministers, regulators, development specialists and decision makers provided insights and shared perspectives on making strategies and policies work for the future of Africa. Businesses shared award winning solutions for e-health, e-government and e-payment. Experts provided techniques for cyber-security assurance and investors found ingenious opportunities for investment and more...

2.2 Programme Outline

AfICTA Summit 2017		
Tuesday, November 7, 2017		
Time	Session	Facilitator
8am - 9.30am	Arrival and Accreditation	
10am - 4pm	eNigeria Opening Ceremony/Breaks/Plenaries	
4pm - 6pm	*AfICTA Board Meeting & AGM	
6-7.30pm	Welcome cocktail	
Wednesday, November 8, 2017		
8 – 9am	Accreditation	
9-10.30am	Opening	
	Delegate welcome	Mr Opeyemi Onifade <i>Chair, ADD Consortium/ 2017 Summit Planning Committee</i> Dr Jimson Olufuye <i>Chair AfICTA & CEO Kontemporary Konsulting Ltd</i>
	Summit Chairman Speech	Mr Chris Uwaje <i>Chairman, Connect Technologies Ltd</i> Mr Yusuf Kazaure <i>MD/CEO Galaxy Backbone</i>
	Special messages	Dr Ibrahim Isa <i>DG NITDA, Nigeria</i> Prof. Umar Garba Danbatta <i>EVC, Nigeria Communications Commission</i> Prof. Sola Aderounmu <i>President, NCS</i> Adejoke O. Adefulire <i>Presidential Adviser on SDG</i>

		Dr Anthony Nwosu <i>Vice President, ATCON</i>
	Special Guest of Honour and Keynote Speaker	Marilyn Cade <i>CEO McCade LLC, Member UN CSTD WGEC</i>
	Chief Host	Barr Adebayo Shittu <i>Hon. Minister of Communications, Nigeria</i>
10.30-11.00am	Interlude/Tea break/Photography	
11.00 – Noon	Session 1: High Level Panel Building One future and one Network for Africa	Moderator: Mr Chris Uwaje Keynote speaker: Mr Yusuf Kazaure <i>MD/CEO Galaxy Backbone</i>
	Speakers:	Prof. Umar Garba Danbatta <i>EVC, Nigeria Communications Commission</i> Dr Anthony Nwosu <i>Vice President, ATCON</i> Engr Funke Opeke <i>CEO Mainone</i> Rev Sunday Afolayan <i>President, NIRA</i>
Noon-12.10pm	Interlude/Sponsor Keynote	
12.10 – 1.20pm	Session 2: High Level Panel: Leveraging ICTs for Sustainable Development eSolutions & ePayment Greasing the Wheel of Internet Economy	Moderator: Dr Jimson Olufuye

	Speakers:	Chris Mondini <i>Vice-President ICANN Global Business Engagement</i> Mrs Mary Uduma <i>Chairperson NIGF</i> Adejoke O. Adefulire <i>Presidential Adviser on SDG</i> Toba Obaniyi <i>CEO WhoGoHost</i> Dr Wunmi Hassan <i>President CEO - High Tech Centre for Nigerian Women and Youths</i> Dr Bernard Ewah <i>NITDA</i>
1.20-2.30pm	Lunch	
2.30- 3.30pm	Session 3: Panel Discussion: Emerging Technologies and governance framework (IoT-IPv6, Crypto currency, DOA, GDPR, CSTD, IGF)	Moderator: Mr Opeyemi Onifade
	Speakers	Chief Toyin Oloniteru <i>CEO Spindlar</i> Dr Jimson Olufuye <i>CEO Kontemporary Konsulting</i> Dr Richard Lamb <i>ICANN</i> Mr Segun Olugbile <i>CEO/Managing Partner CPAA</i> Laicana Coulibaly <i>CEO, Diamond Security Consulting</i> Timilehin Ambali <i>COO, Dotengee</i>

3.40-4.40pm	Session 4: ICANN Outreach to Business: Towards a stable, secure and resilient Internet	Moderator: Arinola Akinyemi
	Speakers	Andrew Mack <i>Chair BC & CEO AMGlobal Consulting</i> Lawrence Olawale Robert <i>CEO Microboss Ltd</i> Toba Obaniyi <i>CEO WhoGoHost</i> Engr. Tola Sogbesan <i>Chace Systems Limited</i> Marcus Eke <i>Founder, Mecloud Technologies</i> Pierre Dandjonou <i>ICANN Vice President Africa</i>
Interlude		
7 – 9.30pm	Gala Dinner

CHAPTER 3

3.0 The Summit Report

3.1. Introduction

5th AfICTA Summit with the theme: **"One Africa, One Future: Leveraging ICT for Sustainable Development"** is one of the key indicators of progress towards the fulfillment of AfICTA vision of a digital Africa within the larger framework of the global vision of an information society with the achievement of the Sustainable Development Goals 2030 held from 7 - 9 November, 2017 @ International Conference Centre, Abuja.

AfICTA Summit was first hosted in Lagos, Nigeria in 2013. The Egyptian ICT industry association and the government of Egypt hosted the second edition in 2014. The third edition took place in Johannesburg. 4th edition was hosted by the ICT Professionals Association of Namibia (ICT-PAN) with the support of the Namibian Ministry of ICT. The 5th edition was hosted in conjunction with eNigeria event powered by NITDA under the auspices of the Ministry of Communications Nigeria.

3.2 Summit Sub Theme

- Building partnerships for 2030 Sustainable Development Agenda
- Adaptive technologies for eHealth, eLearning and eCommerce
- eGovernment: Using technology to promote transparency and accountability
- Tackling cybercrime and securing critical information infrastructure
- Creating jobs and youth empowerment

3.3 Day 1 (Opening Ceremony)

As designed, the Summit commenced with delegates registration and issuance of event pass. AfICTA delegates took part in the eNigeria opening ceremony and overall event of the first day. Similarly, the event became colourful as the Commander in Chief of the Armed Forces, President Mohammadu Buhari graced the occasion during which he delivered his speech and officially declared the event open. The remarkable event also featured the Presidential interactive tour to the exhibition booths where startups with various IT local contents & solutions were displayed. Prior to Mr President's departure, he posed with delegates and other dignitaries for pictures.

Shortly after the departure of Mr President, goodwill messages were entertained from dignitaries with which the opening ceremony was brought to an end.

The first session of the event lasted an hour and the discussion was basically on one of the sub-themes of eNigeria event **"Roadmap towards National ICT Skills Framework Development"** an analysis of the social and economic benefit of a sustainable education technology ecosystem which was presented by Mr Chinenye Mba-Uzoukwu the Managing Partner of Grand Central, Lagos and moderated by Arc. Sunny Echono the Permanent Secretary, Federal Ministry of Education and among the

panelists were Dr Bashir Galadanci, Professor Sahalu Junaidu, Mrs Dele Tejuosho and Professor Salisu Shehu all from education sector.

Second session further examined the sub-theme above but focused on health sector discussing the roadmap towards building a national health information technology ecosystem and was presented by Mr Adekunle Ajiboye the CEO of Aajimantics and moderated by Mr Clement Uwaifo with three panelist that spoke contextually on the topic.

With the third session on “Positioning the Nation to Harvest Value from Emerging Technology,” eNigeria day one came to an end.

The 5th Annual General Meeting commenced by 5:30pm and lasted an hour involving AfICTA stakeholders and was recorded by the Secretariat.

Some of the issues discussed included:

1. One million jobs initiative proposed by Mr Alaa of EITESAL was discussed by the stakeholders. The Chair expressed that due to some development in Mr Alaa’s company, AfICTA could not receive any report regarding the initiative over the year. The Chair updated meeting participants of the required resources needed to actualize the initiative which is stipulated to be \$100 for each job. Electing Engr. Saeed to replace Mr Alaa on AfICTA board indicates that EITESAL still believe in the vision. Dr Olufuye has discussed with Engr Mohammed Saeed and he has expressed interest in carrying on with the initiative. In addition, Engr Saeed has also agreed to represent AfICTA in two other major events one on Smart City in Dec 12 and Africa Development Bank event in February 12, 2018 both in Cairo.
2. Global Engagement: AfICTA still continue to engage globally in the following international bodies: UNCSTD, ICANN, IGF-MAG, AU and soon with AfDB
 - UNCSTD: Chair AfICTA gave a brief on the works going on within the United Nation Commission for Science and Technology for Development among which he said a proposal was submitted by AfICTA which he said could help UNCSTD to resolve 12 years deadlock it had.
 - ICANN Internet Commission for Assigned Names and Numbers: Dr Olufuye said AfICTA recommended in the past a counsellor (Engr. Lanre Ajayi) to the ICANN GNSO and a space for nomination would still open soon for members.
 - IGF-MAG: On Internet Governance Forum – Multi-Stakeholder Advisory Group, the Chair said he was the first African business representative followed by Engr. Hossam Elgamal and Currently Mr Segun Olugbile whose term would be over this year. Regarding his open position, AfICTA Secretariat has sent to members to express interest and election from members in good standing would follow.

- AU African Union: The Chair AfICTA said AfICTA has not being able to achieve much with AU because AU has faced with some ugly situations with an African organizations they collaborated with in the past and they've been avoiding AfICTA. But currently AfICTA has been invited for some activities within the AU (6th AfIGF) and the chair is sure that the more the engagement the better the relationship.
- AfDB: We got a mail from African Development Bank through Mr Tola Sogbesan, Board member, the Chair said.
- AfICTA Chair also sighted some other national event that AfICTA has given support of participation to in recent time.

On matters arising:

1. AfICTA Summit 2017: The Chair thanked the consortium for their commitment and perseverance in getting NITDA to collocate with AfICTA Summit 2017. Although so tough, he was happy of the success recorded just as that of 2nd AfICTA Summit in Cairo.
2. Prior to the meeting, the secretariat sent the report of its activities since the Summit 2016 AGM. The Chair enjoined AfICTA Stakeholders to check through the report and make known any recommendation they have for the continuity of AfICTA.
3. Resolution to reduce board membership service year from 5 year to 3year and maximum of two terms that was proposed during AfICTA board retreat that took place in South Africa in June 30, 20017 was accepted by all stakeholder. The constitution has been updated accordingly.
4. On the creation of Advisory Committee Group which would include the past AfICTA Chairs, Vice Chairs and one past President from National IT Association, stakeholders present @ the AGM requested for more clarification before enacting it. The Chair AfICTA said the committee would only act in advisory capacity to the board.
5. The resignation of the Vice-Chairman, Adrian Schofield was announced in the course of the meeting. The resignation was purposely because of his Age and his engagement in South Africa.

AOB:

There was no any other business and the meeting came to an end with group photograph.

3.4 Day 2

AfICTA Summit 2017 was officially declared open as AfICTA coordinated the first hour of eNigeria day 2 with opening ceremony featuring AfICTA Chair welcome speech. Dr Olufuye while delivering his speech appreciated NITDA for allowing the co-location with eNigeria 2017 sighting that AfICTA Summit 2017 in Nigeria would be the 2nd Summit (after Summit 2014 in Cairo, Egypt) that received government full collaboration. He further appreciated the DG NITDA, Dr Isa Ali Ibrahim (Pantami) and his team for sustaining the existing memorandum of understanding (MoU) with AfICTA. Enlighten delegates, he said 6 countries concerned private sector stakeholders formed AfICTA in May 2012 and that within the short period of 5 years, it has grown to 30 member nations. Expatiating the theme of AfICTA Summit 2017 “One Africa, One Future: Leveraging ICTs for Sustainable Development” the Chair mentioned realization of the Sustainable Development Goals and one network regime in Africa as the basic fulcrum to prosperity in Africa.

Furthermore, the Chair AfICTA, Dr Jimson Olufuye recognized all the stakeholders, AfICTA partners, sponsors and the ADD Consortium (Compose of Afenoid (Opeyemi Onifade), Digisphere (Arinola Akinyemi) and Dotengee (Timilehin Ambali) for their contribution to the success of the Summit.

Subsequently, Summit co-Chairman speeches from Mr Chris Uwaje and Mr Yusuf Kazaure were received followed by special messages from AfICTA dignitaries: Laicana Coulibaly, Dr Anthony Nwosu and Marilyn Cade as coordinated by the Chair of the ADD Consortium, Mr Opeyemi Onifade. In addition, AfICTA celebrated its web presence migration from .org to .Africa the gTLD that is being managed by .ZARC registry with a cake cut to commemorate the significant milestone.

AfICTA Summit 2017 began to run concurrently with eNigeria event shortly after the Opening Ceremony with the first high level panel session on “Building One Network for Africa Future” chaired by Mr Chris Uwaje. During this session Mr Yusuf Kazaure (keynote speaker) gave a 21-slide presentation that shed light on the problems encountered by Africa on achieving one network and how to eventually overcome the difficulties such that Africa could gain staminal to compete with its counterparts and therefore boost its GDP. He further highlighted that one of the key problems being encountered by African businesses is government taxation and unnecessary bureaucracy that don’t allow quick growth of businesses. During his presentation, he was specific about PPP (Public-Private Partnership) as the way forward. Stakeholders from the telecommunication sector such as ATCON, MainOne, NIRA also contributed immensely to the session. Questions were entertained and Speakers on the panel were all given an award of participation.

Session 2 high level panel on **“Leveraging ICTs for Sustainable Development eSolutions & ePayment, Greasing the Wheel of Internet Economy”** that was

moderated by Dr Jimson Olufuye began with the remote intervention of Chris Mondini (Vice-President ICANN Global Business Engagement) who shared knowledge through a 10 slides presentation on how excessive e-friction could negatively impact an economy and how it could be reduced for optimum GDP upgrade. Mr. Toba Obaniyi's question for Chris Mondini dug deeper into the factors (Infrastructure and Population) responsible for the aggravated e-friction in Nigeria. The physical intervention of Mrs. Mary Uduma (Convener of NIGF) was based on policy making and implementation of broad band roadmap that could help to reduce e-friction, Mr Jerry Edward (Rep of SDG Presidential Adviser) said due to MDGs failure to positively impact the citizens during the first 15 years as there were low project implementation, the SDGs 17 goals were established. Mr Edward who was very optimistic that SDGs would be attained said there are project being implemented and that more than 150,000 youths have been trained on digital marketing and many more would be rolled out soon. He further said SDGs authority is more than willing to collaborate with AfICTA on any project or idea they have to execute. Mr Toba Obaniyi (CEO WhoGoHost) shared the success story of the formation of WhoGoHost Ltd which started on a low key and has grown to be the largest hosting company in Nigeria. He summarily said to boost the GDP, businesses must go online and refusal of which would cause such business to die a natural death. Dr Wunmi Hassan (CEO High Tech Centre for Nigerian Women and Youths) was very specific about project implementation and also collaboration with government entities. She said NGOs have always faced with disappointment when they require governmental support and therefore advised that before the government wake up to their roles, youth should take the bull by the horns through self-empowerment. Dr Ben Ewah (NITDA Rep) crowned it all with his intervention on engaging the local government council authorities who are believed to be the closest to the people at the grassroots while planning project execution. Questions were entertained from participants and thoughtful responses were provided. With group photograph and award presentation to all speakers, the session came to conclusion.

Session on **Emerging Technologies and governance framework (IoT) (IPv6), Crypto currency, DOA, GDPR, CSTD, IGF)** commenced immediately after the break-out for lunch and the discussants included Chief Toyin Oloniteru (CEO Spindlar), Dr Jimson Olufuye (CEO Kontemporary Konsulting), Mr Segun Olugbile (CEO/Managing Partner CPAA), Laicana Coulibaly (CEO, Diamond Security Consulting), Timilehin Ambali (COO, Dotengee) and Dr Richard Lamb (ICANN) who intervened remotely.

BC-ICANN Outreach to African businesses towards a stable, secure and resilient Internet session took off shortly after lunch and was moderated by Arinola Akinyemi who introduced the panelist as thus: Lawrence Olawale-Robert (CEO Microboss Ltd), Tola Sogbesan (CEO Chase Systems Limited), Marcus Eke (Founder, Mecloud Technologies), Toba Obaniyi (CEO WhoGoHost) and two online participants Andrew

Mack (Chair BC & CEO AMGlobal Consulting) and Pierre Dandjonou (ICANN Vice President Africa)

Event day 2 was brought to an end with dinner and award presentation night organized by NITDA where AfICTA presented award to the **Africa ICT Personality** of the year, Barr. Adebayo Shittu, Nigeria Minister of Communications and **Africa ICT Champions** award to the CEO of MainOne Cables, Engr. Funke Opeke and CEO .ZA registry, Lucky Macilela.

3.6 Day 3 (Workshop)

The Summit continued on Thursday, 9 November with an important seminar topic on **“Information Society and Policy making: The Role of Women and Youth”** in conjunction with **High Tech Center for Nigerian Women and Youths**, focusing on the responsibilities of the youths and women in policy making. Dr Hassan who pinpointed the necessity for youths and women involvement said should they not make their voice heard, policies that would affect them negatively would be made on their behalf. With contributions from three other discussants, Mr Babatunde Akinola the Intel Semi-Conductor West Africa Ltd, Dr Agu Collins Agu, Director, Corporate Planning and Strategy (NITDA) and Arinola Akinyemi CEO DigiSphere Ltd backing up the notion.

Cyber security workshop on **“Deepening Enterprise Information Security”** began shortly after the session on Youth Development Seminar and was facilitated by Dr Jimson Olufuye and three other resourceful expert on cybersecurity issues: Mr Chris Uwaje, Mrs Mary Uduma and Laicana Coulibaly. Chair AfICTA opened the workshop with a short presentation on DNS Abuse and other facilitators tabled several instances of cyber security bridges and attacks in Africa during their interventions with steps to take to avoid such instances in the future among which were 1. Integration of cyber security experts to Financial Institutions, Telecom Companies and others, 2. Collaboration with advanced countries on mitigating attacks, 3. Attacked entities/companies must voice out for them to be rescued, 4. Capacity building and seminars to keep Internet users alerted.

Chapter 4

Conclusion and Recommendation

4.0 Recommendations

The following below were the resolutions of the meeting on deepening Internet penetration, improving standard of living, swift IPv6 deployment and One Network in Africa.

1. A deeper awareness across the continent of the urgent need to deploy IPv6, how to roll out IPv6 and why the future of Africa's Internet depends on its deployment.
2. Improved multi-stakeholder dialogue between governments, regulators, network operators and Internet users in order to harness the power of the Internet to improve Africa's education, business and social development.
3. Better participation of youth and women in the National Policy formulation Process.
4. Enhanced cross-community dialogue on Internet security, data protection and privacy to ensure the safety, sustainability and continuity of Africa's Internet.
5. Users must be security conscious of content on the Internet
6. Mutual support for strengthening infrastructure throughout the region and the necessity of keeping Africa's traffic and content local to drive down access costs.
7. Development of strategies to overcome current barriers to access and to connect the unconnected.
8. Recommendation on the formulation of tax forces to enforce the upgrade of business from IPv4 to IPv6 within an ultimatum.

4.1 Conclusion

The Board and the entire member of AfICTA wish to thank the Chair of ADD Consortium, Mr Opeyemi Onifade for organizing a history-making event through the support of his members, Ms. Arinola Akinyemi and Mr. Timilehin Ambali for a successful Summit at International Conference Center, Abuja, Nigeria. We wish to also thank all our sponsors BC-ICANN, IITPSA-The Institute of IT Professionals South Africa, ICANN Africa, MainOne Cables, WhoGoHost, ATCON-Association of Telecommunication Companies Nigeria. NIRA-Nigeria Internet Registration Association, Galaxy Backbone, Zinox Ltd for the critical role played.

We would like to thank all delegates that participated from different part of the world physically or remotely. Many thanks indeed!

4.2 AfICTA Summit 2018

AfICTA Summit 2018 venue would be announced soon. Do stay tuned for more details on <https://www.aficta.aficta/>.
