

Siemens Digital Industries

Dr. Ghada Bahig

Engineering Manager, Mentor A Siemens Business

Managing the delivery of reference IoT and Digital Transformation solutions using Siemens' Mindsphere and Factory Automation products.

Dr. Ghada Bahig has more than 22 years of experience in delivering and architecting innovative solutions within Mentor Graphics and Siemens DI following the acquisition.

Ghada is very passionate in generating and improving businesses to their extreme potential via IoT and AI. She has numerous publications in IEEE and ACM conferences as well as journals.

Prior to joining Siemens DI, Ghada worked at Nortel Networks Canada where she was a main contributor to helping Nortel with new technological endeavors. She is also currently an Adjunct Professor at the American University in Cairo.

Ghada holds a Bachelor, Masters and PhD of Science from the American University in Cairo. She is also a TechWomen fellow which was an initiative launched by the U.S Department of State's Bureau of Educational and Cultural Affairs(ECA) to empower, connect and support the next generation of women leaders in science, technology ,engineering and mathematics (STEM).
