Chris Uwaje

Known as the Oracle of the Nigerian IT Industry, Chris pioneered the framework and strategy for the National Information Technology Development Policy for Nigeria. He is the acclaimed pioneer of National Policy for Information Technology (2001) that established the National Information Technology Development Agency (NITDA), as well as the National Software Strategy for Nigeria.

He designed and deployed pilot e-Government Solutions and training for the Federal Government of Nigeria at the following sites: The Presidency, National Assembly, Federal Ministry of Science and Technology, EFCC, Federal Ministry of Finance, and Federal Ministry of Education and National Commission Abuja.

He is renowned global speaker and thought leader with over 300+ published papers focused on providing strategic solutions to propel Nigeria towards a digital future and over 60 IT industry awards.

He is the past President of the Cybersecurity NGO Global Network for Cyber solution, Past President of Information Technology Association of Nigeria (ITAN) and 1st Vice President of Institute of Software Practitioners of Nigeria (ISPON).

He is a distinguished Fellow of Nigeria Computer Society (NCS), a fellow of the Institute of Analysts and Programmers, Fellow of the Institute of Certified Professional of the UK; a former Council Member of Nigeria Computer Society (NCS).

Prior to this, he was the Principal Consultant and Chief Executive Officer of Connect Technologies Limited, (Developers of E-Government Solutions, Enterprise Banker Enterprise, Enterprise Knowledge Intelligence Groupware & Enterprise Cooperative Financials Application). He is recognised nationally as an expert in Software Design and Engineering Solutions; Research, Design and Development (RD&D).

Alongside IT strategy, Chris is very passionate about youth empowerment through ICT and has led multiple initiatives in this field including running national hackathons and building an innovation hub in Delta state.

Chris is also a Member of the following organisations; National Inter-Ministerial Committee on Software Development, Council Member, Computer Professional Registration Council of Nigeria. (CPN). Foundation Member, National Software Development Initiative (NSDI), Member, National Outsourcing Initiative by the Federal Government of Nigeria.

His special professional focus: National & Regional IT Strategy and Policy; Coordinating Chairman, Council for West Africa Information Technology Professionals (CWAITP).
