# **AfICTA Webinar Q3 2022**

## **Electronics Industry Technology Trends & Challenges for Africa**

By Mona Mahmoud

Dr. Hazem Eltahawy

## Electronics Industry Technology Trends & Challenges for Africa

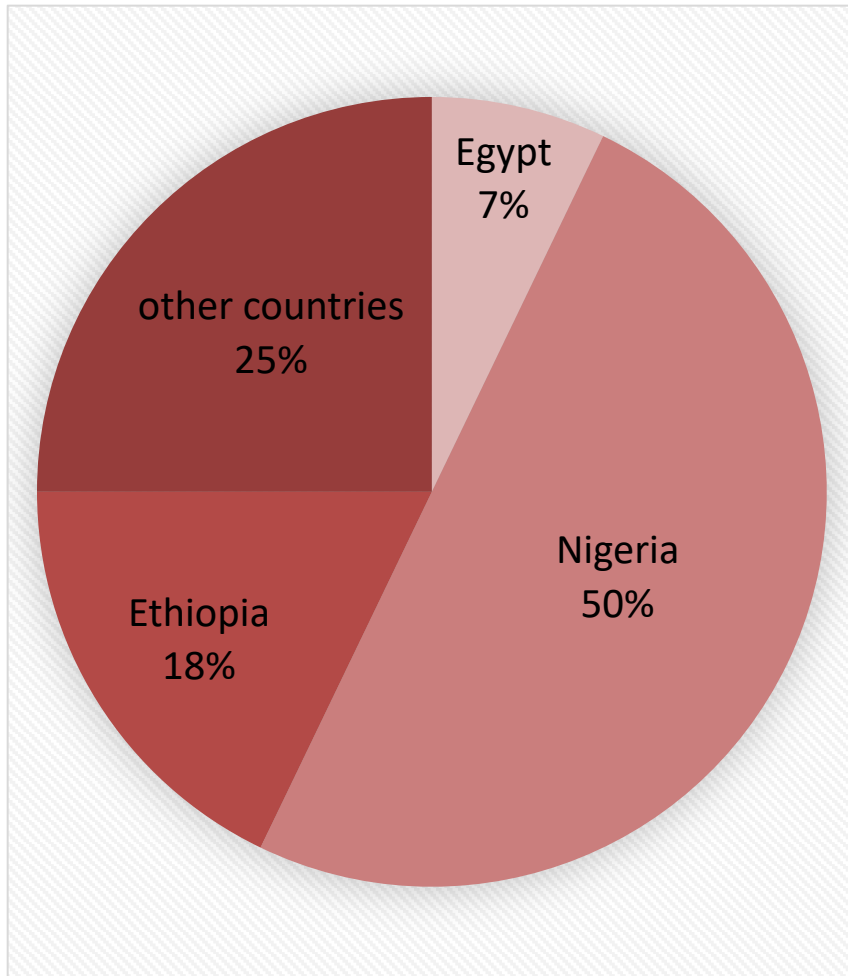

## Session Summary

in recent years, the African Union has concentrated on better ways to solve local problems. Facing a lot of challenges, the continent is raising a generation of innovators who are making a big investment in Africa technology development taking a creative approach and non-standard thinking.

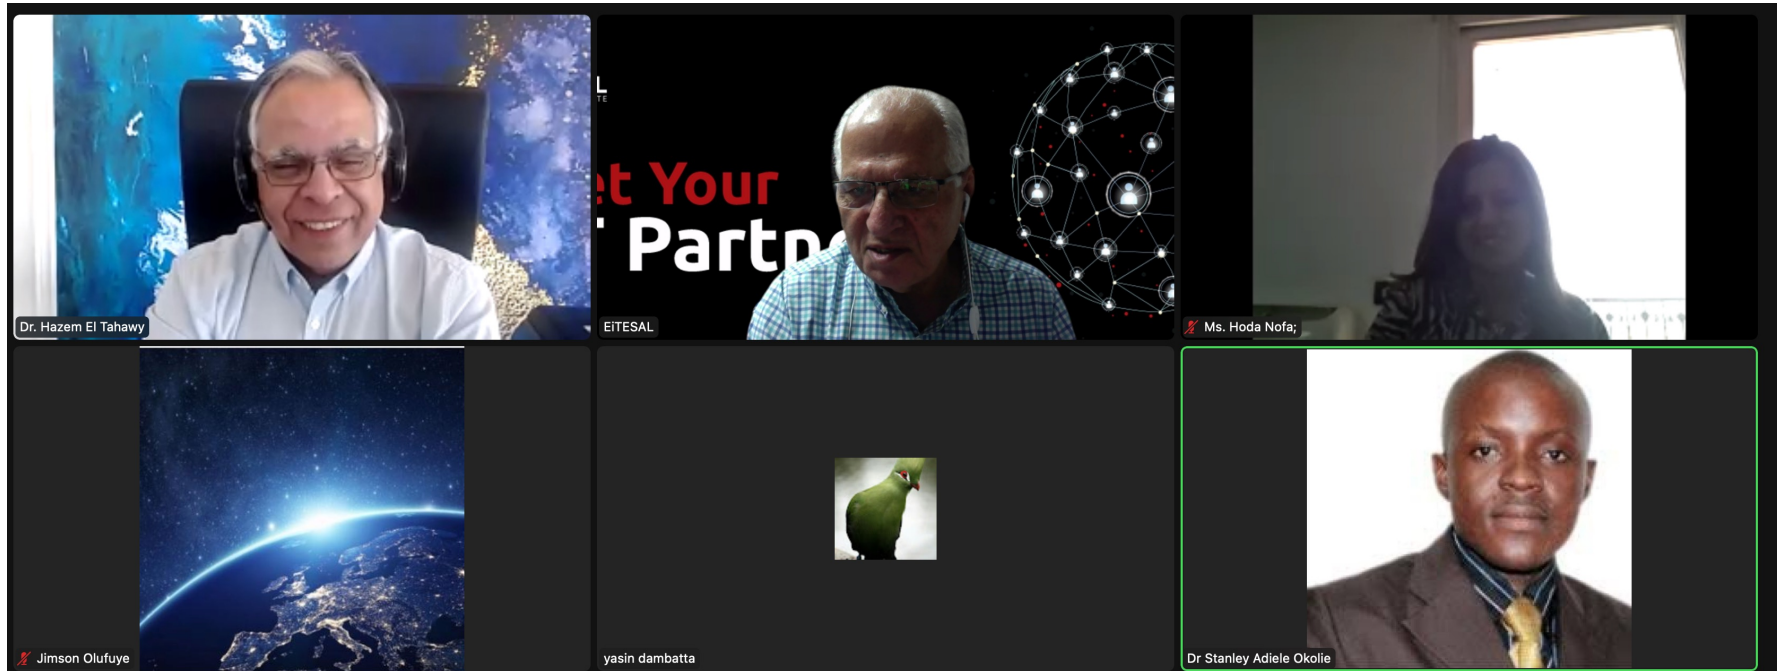

“We believe this pioneering event will be a great opportunity to drive the African economic growth through digital transformation strategies and to create awareness around the emerging new trends in 2022 and the future of electronics industry.”
